SEALS WALLOP ANGELS 4 TO 2.

Los Angeles, Sept. 7.—In what is generally believed to be the real crucial series of the year, for the league leadership, the Seals walloped the Angels 4 to 2, and did it artistically. There was never any doubt as to who would win, for the visitors got right after Mr. Brant of Texas, and before he could get his good right arm in working condition had bunched him for a single, triple and double in the first frame and scored two men. SCORE 7 TO 1 AGAINST PHILADELPHIA

Brooklyn, Sept. 7.—Brooklyn cut Philadelphia's lead in the National league pennant race to one game yesterday by winning their third straight victory from the Quaker City team. 7 to 1. Douglas did not allow a hit until the seventh inning. The visitors' tally in the ninth was due to a single by Paskert, his uninterrupted steal and a wild pitch. McQuillan weakened in the fourth and was hit freely. He also received weak support at critical moments.

BRAVES GIVE 1914 STUFF TO GIANTS

New York, Sept. 7.—The Boston world's champions, playing their last game of the season here today defeated New York 7 to 2. The Giants made eleven hits off Ragan, but they were well scattered. Double plays helped to hold down the visitors' score in the early innings. After Ferrit gave way to a pinch hitter the Braves pounded the veteran Mathewson for seven hits, which netted four runs.

TIMELY HITTING OF CUBS BEATS CARDS.

St. Louis, Sept. 7.—Singles by Vaughn, Good, Saier and Zimmerman's double in the sixth inning sent Meadows to the clubhouse in favor of Robinson, and gave Chicago a 3 to 1 victory over St. Louis here today. In this inning Fisher and Manager Breshnahan were put out of the game for disputing O'Day's ball and strike decisions. The locals' lone tally came in the fourth when, with the bases full, Vaughn passed Butler, forcing in Miller. Score:

BABE ADAMS FOUND EASY BY CINCINNATI

Pittsburg, Sept. 7.—Cincinnati defeated Pittsburg, 6 to 2, here today, practically winning the game in the second inning by hitting Adams hard and batting in four runs. The locals rallied in the seventh, scoring two runs on four hits, but fell short of tying the score. Score:

AMERICAN LEAGUE.

St. Louis	51	78	.395
Cleveland	49	80	.380
Philadelphia	37	88	.296

Chicago, Sept. 7.—Chicago defeated Detroit today, 10 to 8, in one of the most exciting games of the season. The locals won the game in the sixth inning. They bunched hits and this, coupled with the erratic fielding of Vitt, Strange and Bush, clinched the game.

Russell worked in fine form until the seventh inning, and was given support bordering on the spectacular. The Tigers played an uphill battle and in the eighth inning were within

striking distance of tying the White Sox. Russell was driven off the mound after one man had counted and two more were on the paths. Cobb was the first to face Scott, who succeeded the Texan, and singled to left, scoring Vitt and Bush. He reached third when Fournier fumbled and scored on Crawford's double. Crawford, however, spoiled the rally when he tried to stretch his hit into a triple. Manager Jennings used seventeen men in the battle in an effort to stop Chicago.

BROWNS WIN ON RALLY IN ELEVENTH

Cleveland, Sept. 7.—St. Louis defeated Cleveland, 4 to 1, in eleven innings today, Parks, a recruit from Lexington, Ky., outpitching Mitchell, and clinching the game with a double that drove in two runs in the eleventh. The only runs scored previously were on errors. Score:

SENATORS FINALLY MANAGE TO WIN

Philadelphia, Sept. 7.—Philadelphia and Washington split even here today, the former winning the first game, 4 to 5, and the visitors the second, 7 to 4. Philadelphia scored the winning run of the opening event in the eighth inning when Strunk tripled and tallied on Milan's wild throw. In the second game Washington won by knocking Pillingim off the rubber in the sixth inning. After the second inning Rice pitched in fine style for the visitors. Schaugh was spiked on the thumb in the first game and was forced to leave the field.

First Game.

Washington 000 000 022 100-5
Philadelphia 401 000 01*-6

Second Game.

Washington 000 015 001-7
Philadelphia 110 002 000-4

BOSTON BEATEN ON HIGHLANDER BUNTS

Boston, Sept. 7.—New York bunted its way to a third victory over the league leaders today, 8 to 3. They scored five runs, their margin of victory in the third inning on five bunted balls, on which there were two errors of commission and several of omission, and two passes. Bauman made the circuit of the bases on one bunt. Shore then gave way to Colins, who was hit hard at times. Mogridge was erratic, but steadied when needed.

Announcement was made today that Mabel, New York's third baseman, had been suspended for three days for an altercation with Umpire O'Loughlin yesterday.

DOUBLE-HEADER DIVIDED.

St. Louis, Sept. 7.—Davenport pitched a no-hit, no-run game here today and enabled St. Louis to shut out Chicago, 3 to 0, in the first game of a double-header, but the visitors in a ninth inning rally took the second game, 3 to 2.

Watson held St. Louis scoreless until the eighth inning of the second game, while the locals scored twice in this inning Hendrix singled and scored on Zelder's double. Falick and Zelder worked a squeeze play and the latter tied the score. In the final inning Westersell doubled and brought in the winning run on Weiss's single. Score:

First game.

LEADERS WIN PAIR.

Kansas City, Sept. 7.—Pittsburg bunched hits in two games here today and defeated the locals, 3 to 2, 4 to 2. The second game looked easy for Kansas City in the early stages, when Allen walked in a run. He tightened then and struck out two men, and was never in danger after that time. Score:

First game.

R. H. E.
Pittsburg 3 8 1
Kansas City 2 6 3

Batteries—Kneizer, Barger and

Berry; Cullop and Easterly.

Second game.

Batteries—Allen and Bery; Hen-

ning and Brown.

THREE IN ROW.

Newark, N. J., Sept. 7.—Brooklyn

made it three in a row by taking today's game from Newark, 6 to 0. Joe Finneran, aided by what at times was sensational support, held the home team to three hits. Reubach was ineffective and the visitors had little difficulty in getting to him. Score:

R. H. E.
Brooklyn 6 10 0
Newark 0 3 2

Batteries—Finneran and Land;

Reubach, Brandon and Rariden.

UNFINISHED RACE BIG ATTRACTION

Hartford, Conn., Sept. 8.—The 2:10 pace which went five lively heats yesterday and was unfinished, as it is of the three in five variety, became an added attraction on today's card at Charter Oak track in the Grand Circuit meeting. The other races were to be the 2:06 pace, purse \$2000; the 2:24 trot for three-year-olds, value \$2000, and the 2:04 trot for \$1000.

A millionaire and his extravagant family using every means to gain social honors.

SMYRNA CITY OF LURID HISTORY

Along with the bombardment of the forts of the Dardanelles there has been going on another attack on Turkey, although the world has heard little about it, declares the Boston Globe.

A French fleet has been bombarding Smyrna, with what result the latest dispatches must be examined to discover.

For times has Smyrna fallen, and each time risen from ruins to renewed splendor and prosperity as the foremost city of Asia Minor. By virtue of its commanding situation at the head of a sheltered thirty-mile gulf, the gateway to the interior and a terminal for caravan and railroad routes of Asia Minor, the little city clustered around the harbor of Mount Pagan has been a gem sought for the crown of each successive ruler dominating the Orient from the dawn of history.

Today—or rather six months ago—it would not be described as an Oriental city, but as a modern metropolis. With a population of 250,000, it has become a commercial center as cosmopolitan as an American city.

More than half of its people are Greeks; the rest are Turks, Jews, Armenians and people from Western Europe. The English and French colonies have played a large part in its recent commercial history.

Smyrna's export trade, in the neighborhood of \$1,500,000 yearly, has been largely with Great Britain. Hundreds of steamships in a year come into the narrow land-locked of the modern quays, and take on tobacco, figs, raisins, silks, tanning and dyeing materials. Smyrna rugs and carpets, so-called, come from the interior through Smyrna.

The imports at Smyrna, cotton and linens and woollens from England and Germany chiefly, average \$1,000,000 annually. Two hundred miles southwest of Constantinople, it is one of the logical way stations for traffic through the Mediterranean to the Black sea ports.

In all but its government, Smyrna is now a predominantly Christian city. A new government building and a new railroad are signs of its recent progress. The fine quays are backed by a line of good buildings. The streets are narrow, but well kept and adequate. The city boasts good schools, of which the International College is the best known, and missions of all denominations have headquarters there.

Smyrna is one of the cities which claim to be the birthplace of Homer, which is not evidence of particular distinction in the Eastern Mediterranean, but it indicates the age of the city and something of its proud position.

Poetic tradition says that Smyrna was founded by an Amazon of that name who had previously conquered Ephesus. The city, whatever its origin, has from the beginnings of recorded history preserved an unbroken identity of name.

Last time tonight to see the best picture ever shown in Ogden, "The Plunderer," at the Orpheum.

GOLD PLACED IN SUB-TREASURY

Big Consignment From England Reaches New York Safely—Will Be Smelted Into Bullion.

New York, Sept. 8.—Great Britain's third shipment of gold to the United States within five weeks placed today in the sub-treasury here, amounted to \$18,465,000 and not approximately \$66,000,000 as reported yesterday from Portland, Me., according to an official announcement made today by J. P. Morgan and company, the consignees.

No statement was made officially to the value of the American securities accompanying the gold, but these were reported to be worth approximately \$30,000,000, making the total value of the shipment about \$50,000,000.

The gold, consisting of American and British coin, was reported to be approximately \$66,000,000, while securities accompanying the shipment were said to be worth about \$14,000,000. The entire consignment was made to J. P. Morgan & Co., fiscal agents of the British government.

Gold to Be Weighed. Members of the Morgan firm said no estimate of the value of the consignment could be made until after the gold had been weighed and counted and the securities examined.

After the gold had been deposited at the sub-treasury from twenty motor trucks, it was reported that it consisted of 11,650,000 British sovereigns equivalent to about \$56,500,000, and \$7,850,000 in American eagles. The British coin, it was said, will be sent to the government assay office to be assayed and smelted down into bullion.

JOY BEAUTIFIES THE FACE

People cannot be too often reminded that one of the surest methods of destroying good looks is to persist for any length of time in discontent, envy, hatred, or any similar depressing emotional state.

And, on the other hand, one of the surest beautifiers is the cultivation of a contented, serene, joyous frame of mind.

Joy affects the face beneficially in many ways. Every feature is improved by it.

The truth of this was long ago pointed out by no less an authority than the great naturalist, Charles Darwin.

Under the influence of joy, Darwin noted, the circulation of the blood becomes more rapid. Consequently, skin clearness depending largely on a good circulation, the skin takes on a healthier look.

Also the eyes become brighter, the entire expression more animated. "A man in this state," Darwin rightly declared, "holds his body erect, his head upright and his eyes open."

"There is no drooping of the features, and no contraction of the eyebrows."

"On the contrary, the frontal muscle tends to contract slightly. This smooths the brows, removes every trace of a frown, arches the eyebrows

latter cannot well avoid them because of the deadening influence always exercised by discontent on the mechanism for breathing, digestion and elimination.

Hence those who would retain their good looks as long as possible, or would improve a faulty facial appearance, should make every effort to overcome discontent and to develop and maintain a hopeful, contented, happy outlook on life.

It may be true, as the old proverb has it, that all the joy in the world cannot take one gray hair out of our heads.

But joy can and does remove wrinkles, brighten the eye, clear the complexion and put flesh on the bones.

Remember this, all you who are anxious about your looks. Cease being anxious about them banish worry entirely, cultivate joy and soon an astonishing improvement in the appearance of your features will become manifest.
